DETAILED ACTION

In view of the remarks in the Appeal Brief filed May 16, 2003, the finality of the last office action is withdrawn and the prosecution is reopened.

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in a patent granted on an application for patent by another filed in the United States before the invention thereof by the applicant for patent, or on an international application by another who has fulfilled the requirements of paragraphs (1), (2), and (4) of section 371(c) of this title before the invention thereof by the applicant for patent.

The changes made to 35 U.S.C. 102(e) by the American Inventors Protection Act of 1999 (AIPA) and the Intellectual Property and High Technology Technical Amendments Act of 2002 do not apply when the reference is a U.S. patent resulting directly or indirectly from an international application filed before November 29, 2000. Therefore, the prior art date of the reference is determined under 35 U.S.C. 102(e) prior to the amendment by the AIPA (pre-AIPA 35 U.S.C. 102(e)).

2. Claims 24, 25, 27-37, 42-60, 62, 63 and 66 are rejected under 35 U.S.C. 102(e) as being clearly anticipated by Slotznick, of record. Slotznick discloses making plans for a funeral in col. 6, lines 11-26. Slotznick discloses entering biographical information such as names and addresses in col. 18, lines 33 and 34; entering periods of execution such as birthdays, anniversaries and holidays in col. 18, lines 48-50 and entering funeral arrangement information such as sending flowers or a sympathy card in col. 6, lines 15-22. Slotznick discloses generating a plan and displaying it in col. 20, lines 9-12 and allowing the user to modify or accept the plan in col. 20, lines 13-17.

Claim Rejections - 35 USC § 103

3. The following is a quotation of 35 U.S.C. 103(a) which forms the basis for all obviousness rejections set forth in this Office action:

(a) A patent may not be obtained though the invention is not identically disclosed or described as set forth in section 102 of this title, if the differences between the subject matter sought to be patented and the prior art are such that the subject matter as a whole would have been obvious at the time the invention was made to a person having ordinary skill in the art to which said subject matter pertains. Patentability shall not be negated by the manner in which the invention was made.

4. This application currently names joint inventors. In considering patentability of the claims under 35 U.S.C. 103(a), the examiner presumes that the subject matter of the various claims was commonly

owned at the time any inventions covered therein were made absent any evidence to the contrary. Applicant is advised of the obligation under 37 CFR 1.56 to point out the inventor and invention dates of each claim that was not commonly owned at the time a later invention was made in order for the examiner to consider the applicability of 35 U.S.C. 103(c) and potential 35 U.S.C. 102(e), (f) or (g) prior art under 35 U.S.C. 103(a).

5. Claims 24-63 and 66 are rejected under 35 U.S.C. 103(a) as being unpatentable over Slotznick, of record, in view of Lingwall, cited herewith. Slotznick discloses a planning method and apparatus that includes making some plans for a funeral but not all the plans for a funeral. Lingwall discloses funeral planning software that makes all the plans for a funeral including pre-planning, see the second page , lines 35-39. It would have been obvious to one of ordinary skill in the art in view of the showing and teaching of Lingwall that all the plans for a funeral can be made and ordered with the device of Slotznick.

6. Claims 64 and 65 are rejected under 35 U.S.C. 103(a) as being unpatentable over Slotznick in view of Lingwall as applied to claim 24

above in further view of Tavor et al, of record. Slotznick, as modified by Lingwall, disclose all the features of the applicants' claimed invention except a multimedia presentation. Tavor et al show a method of shopping over the Internet that includes multimedia presentations to make the session enjoyable for the customer, see col. 8, lines 51-53 and the Abstract. It would have been obvious to one of ordinary skill in the art in view of the showing and teaching of Tavor et al to provide the system of Slotznick with a multimedia presentation to make the session more enjoyable for the customer.
